

# Staff Management, Revolutionized

Unlock your team's potential with a full suite of next-gen employee management tools.

## The Features You Need to Stop Wasting Time and Resources

### TimeClock

From break reminders to clock in/out and comprehensive reporting, make the most of your staff's time.

### Staff Scheduler

Generate a data-driven estimate of your patient load per office, and more effectively assign your team.

# Don't let inefficient staffing take its toll on your ROI

When it comes to facing the challenges ahead, your employees are your greatest resource. Make sure your practice has the tools to help your team thrive.

## Two Modules. A Whole New Level of Efficiency.

- ✓ Reduced operational costs
- ✓ Avoid unnecessary expenses from overstaffing
- ✓ Increase productivity in understaffed areas
- ✓ Generate more accurate attendance reports
- ✓ Improve decision making with data-driven analysis
